YOUR CLASSIC STYLE

This range of kitchens exudes warmth and character to form a wonderful welcoming feel. From classic smooth shaker doors in subtle tones, to our painted ash veneered options available in several on-trend colours; you can create a country cottage style or a more sophisticated modern kitchen design.

All of our kitchen ranges can be styled to look more traditional or to take a modern twist on a classic design.

The handle choice and the work surface make a big impact on the overall style.

The choice of colour is also influential with a traditional look being created by using colours such as Hunter Green, Sage and Stone, complemented with an Oak work surface and aged brass handles. For a more modern look use black, deep blue or green tones for frontals or be a bit more bold and choose our new Carmine Red colour.
